

Alternative protein solutions catalogue

Zyrcular
FOODS

We are your global provider of solutions on alternative protein

At Zyrular Foods, we imagine, develop, produce, distribute, and advise on new sources of protein.

We are producers

From our state-of-the-art facility, we produce delicious and nutritious foods with a completely sustainable, open, and integrated model. The result is an unlimited range of options for your business.

We are distributors

We explore the main plant-based markets on the planet to offer you a selection of the best brands: nutritious, healthy, and perfect for the Mediterranean palate.

Zyrular Foods advantages

Flavours and textures based on the Mediterranean

Nutritious foods rich in protein and fiber

With Extra Virgin Olive Oil and non-GMO soy

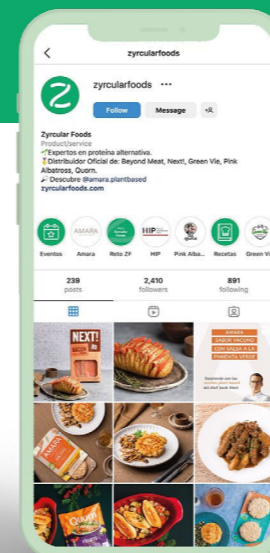

Products created by chefs and nutritionists

Sustainable production and packaging

100% developed and made in Spain

New ideas, recipes, current events...

Discover more about the world of Zyrular Foods on Instagram.

We are producers

We offer you a wide range of own-made products created by chefs and nutritionists: an ideal option, both to create a successful private label in retail, and to increase the options on your foodservice menu.
